TRIBUTE TO FATHER

The play, which Hammond identified as "a type of tribute to my father (who was a physician)," is directed by Mike Kroes, and features both veteran Old Town Playhouse actors and first time ever performers to be a distraction. in the cast. The characters, siblings experiencing real-life predicaments, are played by Don Garrett, Larry A. Hains, Louan E. Newcomb, and Liz Ruskowski.

The scenes involve, in part, a decision by two brothers to have a sister committed to a mental institution, a sister "stealing" her other sister's boyfriend and marrying him, a surprise wedding, discussion of a funeral, and a family member suffering a stroke.

The various scenes are tied together by personal and relevant monologues by "Doc," an 80-year-old retired local physician, played by Henry is not at jokes, because there are no Schneidewind.

USE OF SCRIPT

Schneidewind's monologues contain a mixture of humor and insights into life itself. Schneidewind, who is 78, and has been an actor for 55 years. was chosen for the role of "Doc" because Hammond felt that it was important for someone near the age of the character to play this part. An role as Doc is the decision of Playwright Hammond and Director

Kroes to have Schneidewind perform with script in hand. Hammond said that this technique was used to avoid having Schneidewind memorize an extensive script as well as to enhance the character he plays. The audience is aware of the presence of the script from the beginning of the play and Hammond said that it does not appear

Although Hammond chose representing two generations of Shiawassee County as the setting for his play, he stated that the presence or accuracy of local color from that area is not essential for the audience to Lechler, Mary Muzzarelli, Patrick relate to the message of the play itself. Hammond explained this writing technique as "internalizing," which means that the members of the audience may find themselves identifying either themselves or others with the characters and mentally establishing a more personal location.

While the subject matter is for the most part serious, Hammond stressed that the audience does experience laughter. Headded that, "The laughter jokes. It's the laughter of recognition."

In the words of "Doc," "... it's sort

of about going home." The play, which merited a standing ovation on opening night, March 5th, will be performed Thursday, March 12th, through Saturday, March 14th, at 8 p.m. in the Studio Theatre of the Old Town Playhouse. The Old Town Playhouse is located at 148 E. Eighth interesting aspect of Schneidewind's Street in Traverse City. Tickets cost \$5 and are available at the door.

Police Chief calls Sheriff Sergeant an asset to county

Dear Sheriff

Just a brief letter relative to one of your Sergeants, Sergeant A. Clough, who was working the West M-72 area this past Saturday, 29 March 92, at about 6 p.m., when he stopped our snowmobiles for travelling against the flow of traffic.

The Sergeant was not only very courteous, but he gave us directions to an adjacent trail when I informed him that we were unable to travel with the flow of traffic on that part of M-72. He also, while laughing, updated me on that portion of the snowmobile law, as helpful. which I hated to admit, but that I had forgotten about even though I just last year retired from the Genesee County Sheriff Department.

Let's Talk About It

By Joe Murphy

I have just part of a sheet of the Avalanche dated November 8, 1888, but let's look it over and see what was happening at that time. Let's first look at some of the display ads. We see that C. L. Saunders and Co. were in the undertaking business here at that time. Their ad shows a team of horses pulling a hearse. Watt and Benedict were advertising their first class general store at Frederic. C.W. Wight was the proprietor of the City Market here in Grayling which was a dealer in all kinds of fresh and salted meats, fish, and canned goods. N.P. Olsen's Pool and Billiard Parlors also had the finest wines, liquors, and cigars on hand.

O. Palmer advertised that he had four fine homes in the village for sale at \$300, \$400, \$600 and \$1,500. H. B. Williams was opening a gun shop in the blacksmith shop near the bridge and would be repairing and making guns. Sheriff McCollough had won re-election even though he had not been treated fairly by his party. Salling, Hanson store offered some fine buys such as potatoes for 25¢ a bushel, sugar 8¢ a pound, butter 25¢ a pound, coffee for 25¢ a pound. Three mortgage foreclosures with O. Palmer as the attorney were advertised. They were plots of eighty to one hundred sixty acres and amounts due \$192.45, \$273.56, and \$254.35. It may seem strange today to lose property over such small would be a good way to spend some amounts but that was a lot of money of those nice spring afternoons, at that time.

Sure will be glad when spring gets here so I can visit some of the old time sites here in Crawford County. There are some old townsites, homesteads and lumber camps where perhaps a thorough search of the site or county records will reveal a bit of history of the folks who once lived there. I want to get with Harold Babbit about the site of one of my Grandpa Charron's lumber camps. My old metal detector is not working as good as it should so it may be time for a new one. Indeed it does seem ironic. Of course, only the naive would believe that the lottery means a \$1.2 billion boon to education in Michigan, although the premise at the time the lottery was approved by voters indicated all lottery dollars would go to schools.

Lottery money does go to schools —but it is not in addition to previous financing levels. The legislature instead substitutes lottery dollars for other aid to education.

In a sense, it's not only the poor, uneducated, inner city blacks who are victims of the lottery's get-richquick allure. So are Michigan citizens who thought they were providing better education through

We're currently waiving all fees on our Home Equity Line of Credit and our Homeowner's Loan. And unlike some banks, there are no annual fees with these home equity loans, either.

Once you apply, you'll get an answer on your loan or line of credit in as few as 24 hours. All you need to do is provide us with the necessary information, including your home's assessed valuation and your existing mortgage.

You can borrow anywhere from \$5,000 to \$50,000 depending on the equity in your home. Use it for a new car, a college education, a boat or home improvements — whatever you want, whatever you need.

And Old Kent offers two types of home equity loans:

Home Equity Line of Credit — offers the flexibility of writing a check whenever you need a loan.

Homeowner's Loan — offers the comfort of a fixed rate, fixed term loan.

Both offer advantages over many credit cards or installment loans:

Manistee extends District jinx for GHS

"I thought because of the way we Kalkaska. played our last three ball games, we had a shot at districts," said Tom Mills, coach of the Grayling High School boys basketball team. "But it wasn't meant to be. We didn't have that extra edge."

Junior Eric LaForest was high scorer for Grayling with 21 points. Junior Nick Hebekeuser added nine; Andrus and junior Mike Kirmo, eight each; junior Mitch McMillan, three; and junior Johannes Blekeli, two.

"There was a great crowd from Grayling there tonight," said Mills. "I wish we could have played a better ball game for them."

Grayling nipped in two close games

The varsity team came within ten seconds of beating division leader Rogers City in their final regular season game on Friday evening.

After leading by seven points at the end of three quarters, Grayling seemed to run out of gas, said Mills. Although the Vikings scored only four points in throws and only 12 from field goals. the final period, they still led by one game.

Then the Hurons called a time-out and set up a successful three-point play to win the game, 55-53.

The Vikings got off to a good start with Hebekeuser playing an important role at the game's beginning, said Mills.

"He made a couple of key baskets, which forced them to change their defense. We had momentum from there."

Butthe Vikings committed too many on March 3 in a game that was close all touch fouls.

"We weren't playing defense with our feet," said Mills. "We were playing it with our hands and committing bad fouls."

Of Rogers City's 30 points scored in the first half, 18 came from free

Friendly Folks

I feel I am very lucky to live here in Crawford County Among those nice folks who greet you with a smile Who always have a few friendly words to say And the time to stop and talk awhile

> When they ask you how you're doing There is no trick question hidden there They are not just being nosey They ask because they really care

For they are there in times of trouble Willing to help you all they can For they are just the kind of folks Who believe in the brotherhood of man

They're the kind of friends and neighbors Like they talk about in days of yore When friendships were built on faith and trust And neighbors not just folks who lived next door

They always have that friendly smile That can make a dark day seem bright And show the kind of concern and care That makes a heavy heart grow light

So when you are bearing a heavy load They are willing that load to share For their friendship is just not on the surface They're the kind of folks who really care

I often kneel to thank the Lord For allowing me to live here Among those fine folks of Crawford County And those friends I hold so dear

Goodale Sr., when he arrived from Plymouth, Michigan, and found that there was no local Rotary Club.

Goodale had been a member of the Plymouth organization for many years and in order to keep an unblemished record of attendance, discovered that he must drive to Gaylord each week to attend there. He discussed the formation of a club with Past District Calkins.

Calkins recalls that he attended a meeting of Rotary District 629 soon after the idea was proposed. That district covers all of the Rotary Clubs from Holland, Michigan, to WaWa, Ontario, and from Lake Michigan to

a club here.

It is uncertain whatever happened to the Boyne City Club, but members from Gaylord fathered the prospective group with a will. Calkins, along with Leo Strappazon, Steve Glidden, Gene meeting with a small nucleus of men in Grayling to organize the new group. And so the Grayling Club has grown from its original 20 members to some 79 members today. Thousands of dollars have been raised through the generosity of local citizens and in many cases, visitors, through the club's produced some revenue and most activities. That money has gone to make life more comfortable and successful for those who need help. Some of the charter members have passed away now, but they, along with the living members, went a step beyond the call of duty in forming an organization dedicated to helping worthy causes in the Grayling area.

Collectively they decide who will take part in which skit. From there a script is written and persons in each skit meet frequently for a month to practice.

Once the skits have been chosen, the stage crew will go to work designing and building the props that are needed. That crew attends the early walk-on meetings so that they can obtain a flavor of the type of props needed. Often these are not simple types of background pieces but rather complicated construction jobs, for instance in one show a large vertical wheel that could spin and hold a person spread eagled.

While the chorus and walk-ons practice, ticket sales are promoted through advertising, newspaper and TV stories, and word of mouth.

The night before the show opens, dress rehearsal is held but the chorus

The Bible Speaks

From The Calvary Baptist Church

My Last Sermon

The focus of my last sermon at Calvary Baptist Church was centered upon Revelation 14:13: "And I heard a voice from heaven saying unto me. Write. Blessed [are] the dead which die in the Lord from henceforth: Yea, saith the Spirit, that they may rest from their labours; and their works do follow them." Shortly after that Sunday message, God gave me those blessings without death. Our loving God had timed my heart attack so that I could rest my faith upon that truth in a very personal way.

My choice in this life or death experience was to either receive it as a burden to bear, or a blessing to enjoy. I chose the latter. God blessed me in Mercy and Munson Hospitals. He blessed me with grace for dying, then filled me with the joy of living. Instead of anxiety, worry, or fear, God gave me His perfect peace which passes all through the valley of the shadow of (HEB 9:27). There are only two ways

The cartridge is kept out of landfills, and each company can save 50-80% over the cost of a new replacement. For example, McCopy charges \$44.95 to rebuild most cartridges. That compares with \$79 to \$125 for new ones.

It is currently estimated that only 12 percent of all cartridges are recycled, Besides or "recharged," as it is commonly called. According to Computer Systems News, that leaves ten million cubic feet per year dumped at landfills - nearly 5,000 miles of plastic cartridges laid end-to-end.

Original drums are designed to wear out after 7,000 to 10,000 copies, but hold only enough toner to run 3,000 to 3,500. So a cartridge can be rebuilt two or three times with the original drum. After that, the drum can be replaced with a long-life drum which will last through eight to ten rebuilds. With long-life drums and high-tech disassemble them, clean them, replace toner, recycled cartridges can last longer and print better than "new"

Deep inside each person, where no one can see, stands a dream castle. The nature of it varies according to one's character and personality. An artist may dream of creating a masterpiece--not yet painted--which will inspire many people. Another person may see a vision of how he or she can make life happier for others.

Everyone must believe in his or her dream in order to go forward with patience.

Jesus hoped that the world would hear His message through the uneducated fishermen He chose as His close companions. He did not give up His dream that the disciples would carry on His work . . . even when Peter denied any connection with Him.

His dream came true. Showing courage and faith, this small group of twelve grew through centuries into today's worldwide congregation

Important Notice Relative To Delinquent Taxes

Because the list of Delinquent tax lands for tax sale advertising must necessarily be made up several months ahead of time in order to get it in the printer's hands, several descriptions are included in the Crawford County list on which taxes have been paid.

IF YOUR 1989 AND PRIOR YEARS TAXES HAVE BEEN PAID YOUR LAND CANNOT BE SOLD IN THE MAY 5, 1992 TAX SALE.

If you have not paid your taxes and your land is listed for sale, you must pay at any time up until Monday, May 4, 1992.

We shall be glad to answer any other questions you may have about the tax sale here at the Treasurer's Office.

Crawford County Road Commission

January 31, 1992 Minutes A regular meeting of the Crawford County

Road Commission was held in their office in Gravling. Chairman Norman Parker presiding. Present were: Commissioners Clyde Anthony and Kenneth Chapp, Engineer-Manager Richard Young, Accounting Clerk Joanne Thompson, and Chairman of Roads & Bridges Lee Riley.

The minutes of the previous meetings of January 17, 1992, and January 24, 1992, were read. Commissioner Chapp made a motion to accept the minutes of January 24, 1992, with a correction, seconded by Commissioner Anthony. All in favor.

Payroll Voucher Number 3 in the amount of \$32,751.94 and Material Checks numbered 19753 through 19777 in the amount of \$27.887.50 were presented to the Board for approval of payment. Commissioner Anthony made a motion to accept the vouchers, seconded by Commissioner Chapp. All in favor.

One permit was received and approved for Top O Michigan to erect an aerial crossing on Sherman Road in Maple Forest Township. At approximately 10:40 a.m., Engineer-

Manager Young asked the Board if a closed door session was possible to discuss the sale of real estate. Doors closed.

At 11:20 a.m. doors were opened and correspondence was reviewed on a county local road, also to inquire if Attorney Sabin could attend the next meeting.

Correspondence was discussed regarding a Public Notice from the Michigan Department of Natural Resources to construct a ramp at Lake Margrethe. The Board instructed Engineer-Manager Young to write a letter expressing their concerns.

Chairman Norman Parker offered the following resolution and moved for its adoption. BE IT RESOLVED THAT the County Trunkline Maintenance Contract between the MICHIGAN DEPARTMENT TRANSPORTATION and the County of Crawford for the period 1 January 1992 to 30 April 1992 is hereby accepted and Richard G. Young is designated as Maintenance Superintendent on sections of State Trunkline Highways as shown on the County Route Section Map and Budget Sheets.

The following County official Richard G. Young, Engineer-Manager is authorized to sign the said maintenance contract.

Supported by Commissioner Kenneth Chapp. STATE OF MICHIGAN Adopted: Yeas, 3; Nay, 0.

A press release from the County Road Association of Michigan was reviewed regarding

Engineer-Manager Young informed the Board that Cameron Bridge over the AuSable River has been accepted on the Michigan Department of Transportation Critical Bridge Program for 1993. Also that a Vacationland Meeting will be held on February 27, 1992, in

Gladwin County. Mr. Young is to communicate with the Crawford County Sheriff Department and Emergency 9-1-1 with a copy of the letter to the County Commissioners regarding the importance of notification to the Road Commission of downed "stop" signs. Mr. Young is also to contact Michigan Department of Transportation regarding the possibility of having the intersection of Old 27 and M 93 a

three-way stop area. Commissioner Chapp made a motion for a procedural change that expired for lack of a

Engineer-Manager Young was instructed to meet with Prosecuting Attorney Huss to give advice on setting a lake level for Millpond. Mr. Young will be meeting with Mr. Huss on Tuesday, February 4, 1992. Commissioner Lee Riley informed the Board that the Drain Commission budget, set by the County Commissioners, is \$350 for the 1992 year.

A motion was made and seconded to adjourn the meeting. All voted in favor, meeting

succeeded. Thank You.

WHAT'S NEW

Telephone Weather Service

Drivers who want to know

if bad weather will interfere

with their travel plans now

have a fast way to obtain

that information, no matter

where in the U.S. they are

planning to drive. The

Weather Channel Connec-

tion, a telephone weather

service reached by calling

1-900-WEATHER, has in-

troduced driver's reports

which tell auto travelers

about weather systems which

may hamper highway travel.

The reports are regional, in-

clude weather information

on specific routes and

highways and cost 95 cents

per minute.

Conservation groups join to minimize effects by dams

Several organizations devoted to to lessen dams' negative impact on Clubs, the Michigan Council of Trout Unlimited, the Great Lakes Council of Anglers of the AuSable.

The coalition was formed because nearly one third of Michigan's 113 hydroelectric dams are up for federal relicensing this summer. The group plans to intervene in negotiations with the Federal Energy Regulatory Commission. Under law, the commission now must consider a dam's environmental impact when deciding dam operating licenses.

In the first relicensing round, the coalition will target the Sturgeon (northwest) and the Escanabarivers in the Upper Peninsula and the Thunder Bay, AuSable, Manistee, and Muskegon rivers in the lower peninsula.

"We now have an extraordinary protecting rivers have banded together opportunity to return many reaches of these rivers a long way toward their rivers. The new Michigan Hydro former ecological fertility," said Relicensing Coalition is comprised of coalition Chair Tom Baird, an Okemos the Michigan United Conservation attorney and member of Trout Unlimited.

Some scientists believe dams the Federation of Fly Fishers and the destroy trout fisheries by raising the temperature of river water and reducing the oxygen levels. They say dams also fragment fish populations, hinder migration and spawning runs, and shred migrating fish in turbine blades.

The coalition is fighting to change how electric companies operate their dams so damage to river life is minimized. Primarily, the coalition wants companies to stabilize river flow to end the cycle of flood and drought, increase water oxygen, and lower temperatures. It also wants passage provided for spawning and migrating fish, install protective screens at turbines, and set up savings accounts to cover future dam repair, maintenance, or retirement.

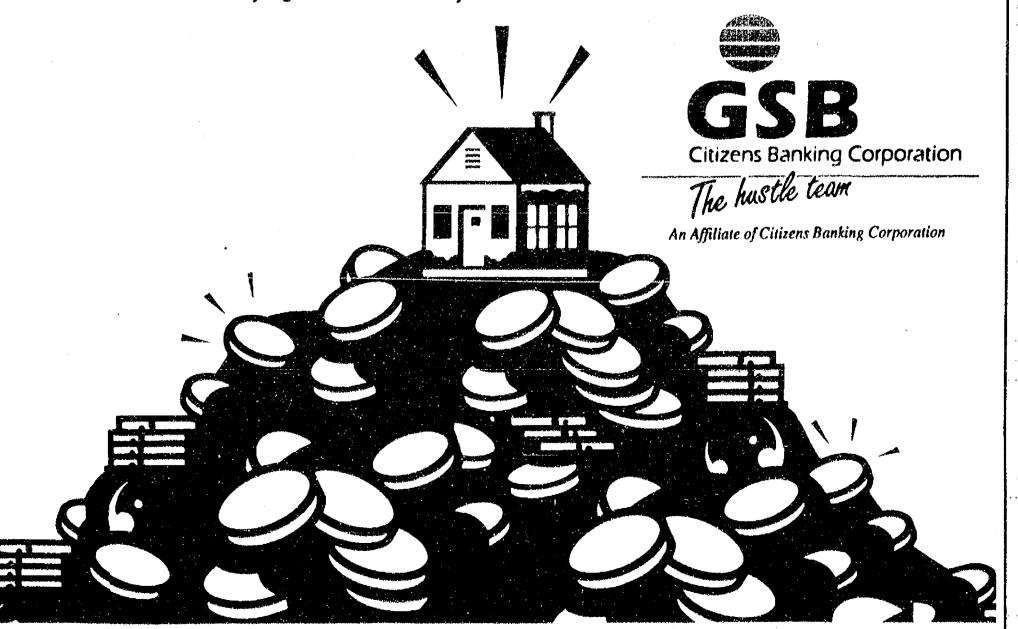

YOU'RE SITTING ON AGOLD MINE.

technology.

If you thought you'd have to travel far and wide to find a gold mine, there may be one much closer to home than you realize. In fact, it is your home---the equity in your home you've built up over the years making your house payments. Now with GSB's Golden Credit Line, you can loan yourself money based on that equity.

Once you've established a Golden Credit Line, you have a ready line of credit up to 80% of the value of your home, less your current mortgage balance. You can access Golden Credit Line through vour checking account. And because the loans are tied to your home, you may be able to write the interest off against your income tax. (You should consult a tax advisor regarding the deductibility of interest costs.)

Golden Credit Line is an excellent way to provide yourself with a line of credit, enjoy potential tax benefits and avoid paying loan fees. But only if you apply before March 31. Stop in at any GSB office, or call 348-7631 in Grayling or 732-8900 in Gaylord.

*Appraisal and recording fees totaling \$142 are waived. Normal title insurance fees for a Golden Credit Line ranging from \$120 to \$400 is waived on all applications taken on or before March 31, 1992. The Annual Percentage Rate on A Golden Credit Line is 2% over the highest prime rate published in the Wall Street Journal during the month. Annual Percentage Rate (APR) example: if during the month, the highest prime rate published in the Wall Street Journal is 6.50%, the interest rate applied to your Golden Credit Line would be Member FDIC 8.50% APR. Should the prime rate change, your interest rate will be adjusted at the beginning of the following month. The maximum interest rate will not exceed 18% APR.
